

Helping out: Tanya Hall will pack care packages to help flood victims.

Boxes sent with love

SINGLES who cannot find the time to date and do their bit to help others can combine the two in the lead-up to Valentine's Day.

Fitzroy Town Hall will host **Helping Hearts**, a combined dating and charity event, where single people like Tanya Hall can mix with others while creating care packages for people in flood-affected areas.

The 35-year-old, who has had several operations for her arrhythmia condition, said people would be helping flood victims and the Heart Foundation through ticket proceeds.

Tickets for women sold out on the first day, but there are still spaces for men. Tickets are \$75 and must be bought beforehand online at www.madwoman.com.au
